

## Cool Can 'Coasters'

### You will need:

Gloves  
Various empty pop cans  
Scissors

### Steps:

1. Wearing gloves, and carefully, cut the top and bottom of 2 pop cans with scissors.
2. Cut two squares of the same size out of the can.
3. Cut strips into one can, but without going right to the edge, keeping the square in one piece.
4. Cut the other into free strips of the same size and weave them into the square which is complete.
5. Bend the edges to keep the whole thing together.
